Sir:

The final Office Action mailed November 16, 2005 has been carefully considered.
In response thereto, please consider the following remarks.

REQUEST FOR CONTINUED EXAMINATION

In accordance with 37 U.S.C. §1.114, a Request For Continued Examination (RCE) is filed concurrently with this response so that the Office Action mailed is effectively made non-final. Under 37 U.S.C. §1.114, the effect of the RCE, which makes the instant Office Action non-final, is to cause examination of the instant application to remain open. Accordingly, amendments and new claims submitted herein are to be entered as a matter of right, and each claim is entitled to continued examination.
